

CUSTOM END-OF-LINE AUTOMATION, INTEGRATION, IMPLEMENTATION, & SUPPORT

Automated packaging equipment provides efficiency, accuracy, and cost savings for your business.

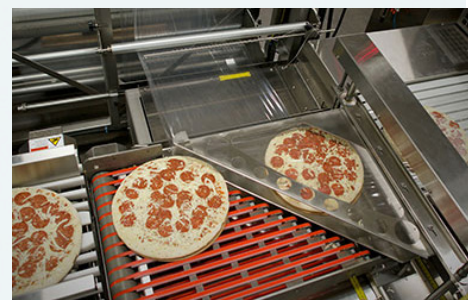

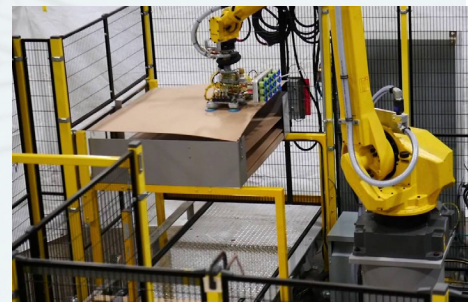

Our team of engineers create custom automation solutions tailored to optimize your packaging operations.

- **CASE / TRAY ERECTING & SEALING**
- **STRETCH WRAPPING**
 - Turntable, Rotary Arm, Ring, Horizontal, Autonomous
- **E-COMMERCE FULFILLMENT AUTOMATION**
 - Void Fill & Cushioning, Bagging, Right-Size Corrugate
- **SHRINK**
 - L-Sealers, Continuous Side Sealers, Flow Wrappers, Sleevers, Bundlers
- **ROBOTICS**
 - Case Packing, Palletizing
- **BAGGING**
 - VFFS, HFFS, Bag-on-Roll, Fiber-Based
- **MATERIAL HANDLING**
 - Conveyor: Custom Infeeds, Product Accumulation, Pallet Loads
- **CODING, MARKING, & LABELING**
- **STRAPPING / BANDING**
 - Individual Products, Pallet Loads

CONTINUED TECHNICAL SERVICE / SUPPORT

Once your packaging equipment is installed, we conduct thorough site acceptance testing to ensure everything is functioning optimally.

Our team of technicians offer continued technical service and support for any ongoing preventative maintenance and repair events.
