

CURBSIDE RECYCLABLE MAILERS

PADDED

PAPER

Recyclable, Lightweight & Affordable

As retail e-commerce sales continue to grow, we're feeling the impact of non-recyclable packaging that adds to our landfills. The focus on reducing packaging, optimizing dim weight, and using more sustainable packaging is now more critical than ever.

Brands and retailers looking to reduce and optimize packaging are moving from corrugated boxes to mailers. And we can help you make an even bigger impact by offering 100% curbside recyclable mailers.
